A futuristic robot bartender, named Pourfect AI, is shown in a dimly lit bar setting. The robot has a white and black body with glowing blue eyes and joints. It is pouring a drink from a silver shaker into a martini glass garnished with a lime wedge. The bar counter is dark with a striped mat, and several bottles of alcohol are visible in the background. A neon sign above the robot reads "Pourfect AI".

Pourfect AI Interface Design

**Halloween is coming up, can
you give me the recipe for a
spooky cocktail?**

PourfectAI Response:

I can certainly help you with that! To create a truly spooky cocktail, you'll need:

****Ingredients:****

- * 2 oz Vodka
- * 1 oz Cranberry Juice
- * 1/2 oz Lime Juice
- * 1/4 oz Simple Syrup
- * 1/4 oz Grenadine
- * Dry Ice (optional)

****Instructions:****

1. Combine vodka, cranberry juice, lime juice, and simple syrup in a shaker filled with ice.
2. Shake well and strain into a chilled martini glass.
3. Carefully add a splash of grenadine to the bottom of the glass, creating a layered effect.
4. For an extra **spooky** touch, add a small piece of dry ice to the glass. The dry ice will create a dramatic fog effect.

Enjoy your spooky cocktail!
